MEMORANDUM FOR: Colonel White

4 December 53

SUBJECT : Assignment of Finance Personnel to the Far East [REDACTED]

25X1A

1. I believe it unnecessary for you to read the actual financial and accounting procedures. I have already discussed with [REDACTED] the memorandum he addressed to FE, dated 2 December 1953. He is presently preparing a memorandum to COA/DDP enclosing a copy of the attached. Also he specifically discussed the Finance Officer position [REDACTED] for which apparently a slot is already available. In addition he discusses the two additional slots for [REDACTED] on the basis that DD/P itself will have to supply those two slots.

2. This again brings up the question of settling with DD/P the basic principle of which office will supply slots for additional administrative positions needed in the Field.
